That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and poculiar allments that does not contain isrge quantities of alcoholf It is also the only medicine, expecially prepared for the sure of the delicate diseases peculiar to women, the maker of which is not afraid to take his satients into his full confidence by printing upon such bettle wrapper all the lingredients entering into the medicine. Ask your druggist if this is not true.

"Favorile Prescription," too, is the only medicine for woman, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffelo, N. Y. for a free booklet, and read the numerous artracts from "undard medical authorities praising to several ingredients of which Dr. Pierr medicines are made, and don't forget at no other medicines are made, and don't forget. At no other medicines put up for sale through druggists for domestic use can show any such professional endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flaunied before the public in favor of the slepholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backnehes, bearing down sensations in lower abdomen, accompanied by weakening and disagreeable cutarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal "examinations are avoided.

ladies who have used Newbro' The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it desiroys the germ that causes it. The same zerm causes hair to fall out, and later haldness; in killing it, Herpicide stops falling hair and prevents bailness. Stomach trouble is but a symptom of and not in itself a true disease. We think of Dyopensa. Hearthurn, and Indigestion as real diseases, yet they are symptoms only of a certain species here sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Eamady—Dr. Shoop's Restorative. Going direct so the stomach pervey, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital brinciple, no such issting accomplishments were ever to be had. Race Troubles in the South A race riot occurred at Liberty, Miss., yesterday afternoon, as a result of which four men were seriously wounded. W. H. Bates, jr., son of Sheriff Bates, had some alterestion with Will Harris, a pegro, and Bates was fired upon by a crowd of negroes. The negroes had armed themselves and were evidently waiting to kill Bates. The shooting was so thick and last that it sounded like a battle. The negroes made their escape, and in a short time rumor was affoat that they had congregated east of the town and had sent word to the white people to come ahead. Before the sun went down every white man in town was armed and ready. A posse has gone in every direction. Bloothounds have been telephoned for. Bates was shot eight time, and is in a critical condition. Louis Ratcliff, a negro, was shot, and it is thought will die. Will shot, and it is thought will die. Will Knox, a negro, was shot in the band. Excitement is running high. Sunday night the negro meeting hall was burned, and the succession of explosions which occurred convinced the whites that the negroes had stored up a large quanity of ammunition and arms therein.

Five white men and two negroes were shot, two of them fatally in a shooting aftray and attempted lynching at Bunkie, La., Sanday night. Saturday a negro-named Charles Straw, a railroad hand, criminally assaulted Mrs. Edward Norris, a white woman, at Hassville, about seven miles west of Bunkie. He atwas not sharp enough and he choked her into insensibility. He was captured and taken to Bunkie, where he was confined in the parish jail. In the meanwhile two other negroes were locked up in the jail, Isom and Louis Robertson, charged with having shot and fatally wounded another negro in a gambling game. Late Sunday night a small mob went to Bunkie jail, but whether to lynch Straw or the two Robertsons is not known. There was a shout that the negro prisoners were escaping and a fusillade of twenty or more shots followed. It was then found that five members of the mob had been

A Club Woman's Singular Plea. Mrs. O. A. James, speaking on Thursday at a moeting of the Tweatieth Century Club, of Detroit, Mich., declared that unclothed people, accustomed to seeing the body ande, are less vicious than clothed nations. "Women wear tight-fitting bodices on the street and exposed busts in public gatherings, like the opera, and yet we blush at the ex-posure of the ankles and call it immodest. What is there more essentially modest about the exposure of the upper than of the lower limbs? Modesty is the latest evolved of all the virtues, and originally is the effect rather than the cause of clothes. The first chapters of Genesis show that clothing originally was the re-sult of moral degeneracy. Because we are clothed, are we human beings more virtnous than the unclothed horse we drive? Who shall say that the dress of the South Sea Islander is less srtistic than that of the twelfth century dames?"
